**VALIANI "MAT-PRO"**

The Mat-Pro cutter allows for a variety of different types of cuts from single to multiple openings as well pre-assembled double and triple mats and v-grooves.

Do all this without ever having to remove the mat from the machine.

Mat-Pro cuts on the good side of the mountboard, that remain well fixed thanks to alluminium bars.

It is possible to easily adjust the depth of the blade on the cutting head.

It uses the same blades as the Valiani Astra.

**END TRIMMER Optional**

Optional for squaring mat for use. Cuts up to 3mm/3.5 mm matboard as well as foamboard.

Pneumatic clamping and ergonomic grip handle.

Blade is held in place by a magnetic blade holder cartridge.

		Price	Code
