	MultiMaster point gun by Fletcher. It is a manual gun that fires uniquely shaped bendable MultiPoints. These points have two barbs for an easier penetration into wood and an increased holding power. Suitable for any kind of wood, both hard and soft. Equipped with a device for adjusting the firing power to the wood density. Easy-to-load magazine which holds up to 167 MultiPoints per stack.	80,00	3	5%	MMF
	 Flexible MultiPoints. The 4.5 mm round hole on the top part of the point can be used to join 2 frames together, one inside the other.	15,00	5 10	8% 15%	MMP
