	PGMiniquick 3 Hand operated fixing machine for hangers and hinges to be applied on cardboard, masonite, MDF panels and so on. Equipped with a standard fixing head that can be used with all accessories. Equipped with hangers: PG1N, PG1T, PG2N, PG2T. Different hangers require the proper base disc to be placed on the machine. Miniquick comes with a base disc for 2-hole spike hangers (code PG2N and PG2T). For different hangers, order the proper base disc separately.
