

MOUNTBOARDS

High thickness Mountboards

Used to obtain a greater depth between the mountboard and the artwork.

Victoria mountboards are easier to cut because they are softer compared with Crescent ones.

Quantity discounts
(on each colour):
5 sheets 10% disc.
20 sheets 15% disc.
50 sheets 20% disc.

Crescent Rag Mat Series

100% Cotton - pH Value 8.5-9.5 - Lignin-free
To achieve greater conservation over time, mountboards have been treated with calcium carbonate which creates an alkaline reserve of 3-3.5%. Recommended for artworks of high historical, artistic or emotional value.

Museum Rag Mat Series

These mountboards do not have front paper and paper on the back. They consist only of the cardboard pulp made of 100% lignin-free cotton. Museum Rag Mat mountboards comply with the strict standards of the most important museums and of the Fine Art Trade Guild association. Indispensable for the framing of artworks of the highest historical and artistic value.
